MOTIF

ARASAVILLI SUN TEMPLE

ARASAVILLI SUN TEMPLE famous Sun God Temple situated in Arasavalli Village which is at a distance of about 1 K.M. east of SRIKAKULAM Town . It is one of the ancient and all among two sun God temples in our Country. According to Padmapuranam , Sage Kasyapa installed the Idol of Surya at Arasavalli for the Welfare of mankind . Therefore, the Surya is of Kasyapasa Gotra . He is also termed as planetary King . The ' Sthalapuranam ' of the temple narrates that lord Devendra had founded this temple and installed the existing idol of the sun God commonly known as Lord suryanarayana Swamy Varu under the following circumstances . Once Lord Devendra , Ignoring the words of Dwarapalaka Nandi , attempted to force his entry for Darshan of Sri Rudrakoteswara Swamy varu at an untimely hour when Lord siva was along with his consort . The Dwarapalaka Nandi in the discharge of his duties kicked the intruder . Thus kicked and injured by the Devine attendant Indra fell down senseless . And in his unconscious state Indra dreamt that he would be relieved of his pain of injury in his chest caused by Nandi if he built a temple and installed an Idol of the Sun God. After regaining his consciousness , he remembered what he dreamt.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Smt Y.V Anuradha, IAS., Director of Census Operation, Andhra Pradesh. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

Preface

The District Census handbooks (DCHBs) is brought out in each decennial census since 1951 containing Village and Town Directory, Village & Town wise Primary Census Abstract (PCA) and data on “amenities” for each village and town in the district. The objective of publishing the DCHB is to place the data collected at census along with the data on amenities at Village and Town level, collected from Tahsildars/Municipal Commissioners. The amenities data is validated by comparing with secondary data obtained from Heads of the Departments. For example, information on schools was compared with data available with the Commissioner, School Education and information on post offices was compared with data obtained from the Chief Post Master General and so on. Validation of data in the above manner was by no means an easy exercise. Scores of officials had put in grueling efforts for months together.

Generally, the District Census Hand Book contains two parts i.e., Part A & Part B. Part A contains Village and Town Directory and Part-B contains data on Village and Town Primary Census Abstract along with Housing amenities. This time both Part-A and Part-B volumes will be published separately for each district.

The present volume deals with the Part-B of the DCHB and comprises broadly: History and scope of the DCHB, Brief History of the district, Administrative setup, District highlights, Important Statistics of the District, Brief note of Primary Census Abstract, Appendix to District Primary Census Abstract i.e., Urban block wise figures of Total, SC & ST Population, Rural PCA, Urban PCA, Housing Amenities etc., of 2011 Census of India.

The District Census Handbook is further enriched with a district and Sub-district (Mandal) maps depicting villages/towns with population size and also amenities such as educational Institutions, Hospitals, Telegraph and Telephone facilities, Banks etc.

I am grateful to the Chief Secretary, Principal Secretaries, Secretaries, District Collectors, Municipal Commissioners, Tahsildars and senior officials of the

Government of Andhra Pradesh for their co-operation and assistance throughout the Census Operations and in the process of collection of the Secondary data.

I am very privileged to be associated with the national task of Census of India 2011 in the capacity of Director of Census Operations, Andhra Pradesh, Hyderabad. I express my heartfelt gratitude to Dr. C. Chandramouli, IAS, Registrar General & Census Commissioner, India, for the inspiring guidance all along. I sincerely express my profound thanks to Dr. R.C. Sethi, ISS, Additional Registrar General, India, Dr. Deepak Rastogi, Deputy Director General, Shri. A.K. Singh, Deputy Registrar General (Census) for help, guidance and constant support accorded in all matters. Thanks are also due to Dr. A.P. Singh, Deputy Registrar General (Map) for his support and guidance in generating digital maps. I also acknowledge the continuous support of Dr. Prathibha Kumari, Assistant Registrar General (S.S) and other Officers of the Office of the Registrar General, India, New Delhi.

I sincerely express my gratitude to Shri M.S. Thapa, Additional Director (EDP) and his team for their technical guidance and also in generating various tables in bringing out this volume.

The credit for preparation of DCHB goes to a team of devoted officers and staff of this Directorate under the guidance of Shri. R.V.V. Durga Prasad, Joint Director along with the methodical direct supervision of Shri. S. Daya Sagar, Assistant Director for their active involvement and painstaking efforts in bringing out this publication. The names of individuals associated with this project are shown in 'Acknowledgements'. I am grateful to all of them.

I hope that the data users will find this publication very useful.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity'

manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i) Status and Growth History of towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

Brief history of the district

The district originally formed part of the ancient Kingdom of Kalinga which is supposed to have been founded in the 9th century B.C. The name of Kalinga still survives in the sea side village of Kalingapatnam not far from Srikakulam town and in early times a place of importance. Kalinga was for many centuries the citadel of Buddhism in India. The good relations of Kalinga with Ceylon presently known as Srilanka were also kept up for many centuries and in 275 A.D. the celebrated tooth of Buddha was said to have been obtained by the king of Ceylon and shifted to Kandy, a place in Ceylon.

In 260 B.C. King Asoka attacked and conquered Kalinga. One of the famous rock edicts shows clearly that it was the remorse that he had felt for the horrors of this campaign which led him in the same year to espouse the Buddhist religion which he afterwards spread throughout India and Ceylon. The edict states that about 150 thousand persons were carried away captive from Kalinga, 100 thousand were slain and many times that number perished. Some of the terms of this inscription show that Kalinga at that time was quite capable of offering considerable resistance even to such a powerful emperor as Asoka, and that its people were a civilized race. For several centuries after this the history of Kalinga was quite obscure. Inscriptions, however, show that in the 6th century A.D. Kalinga was conquered by the Chalukyas of Badami and in the 7th century by their offshoot the Eastern Chalukyas. The result of this latter campaign was the establishment of the Vengi Kingdom (the ruins of the capital can be found six miles north of Eluru) under the Eastern Chalukya King Vishnu Vardhana-I (615-633 A.D.). Copper grants of this monarch found at Cheepurupalle show that he once ruled this tract.

The chronicles are continued by the grants of a series of kings who describe themselves as of the Ganga family, Lords of Kalinga, and worshippers of the Gokarnaswami (Siva) on the Mahendragiri hill and as ruling from Kalinganagara, which has been identified with Mukhalingam on the banks of the Vamsadhara, where notable temples and inscriptions have survived.

The Eastern Chalukyas of Vengi appear to have constantly interfered in the affairs of Kalinga, and Vimaladitya of that line seems to have conquered much of it, since an inscription on Mahendragiri states that the Chola king Rajaraja-I of Tanjore overthrew him in 999-1000 and set up a pillar of victory on that hill.

The Gangas were followed by a later line of the same name who, as they also worshipped the Gokarnaswami on Mahendragiri and ruled from

Kalinganagara, were apparently of the same family. Calculations from dates in copper grants show that they were in power from the end of the 9th century. One of them, Rajaraja, ascended the throne in 1070-71 and reigned eight years, during which time he is said to have helped the Vengi kings against the Cholas, and afterwards defeated both of them and also the ruler of Utkala (Odisha) and other monarchs. Under his son, Anantavaraman-Choda-Ganga, who ruled from 1078 for about 72 years, this family reached the zenith of its power. Many copper grants and inscriptions of this monarch have been found and these state that he replaced on their thrones the fallen kings of Vengi and Odisha (Orissa) engaged in wars extending from the Ganges in the north to the Godavari in the south and built the famous temple of Jagannath at Puri. He married at least five times and had by them four sons who ruled after him. The country eventually fell to the Eastern Chalukyas of Vengi and their feudatories. The Yadavas of Devagiri (Daulatabad) and the Kakatiyas of Warangal also claim to have humbled Kalinga at this period.

The Simhachalam temple in Visakhapatnam district contains inscriptions of several of the later Ganga kings but few details regarding them survive. Their power was on the wane. Narasimha-I and two of his successors are said to have resisted attacks from the Muslim kings of Bengal and Delhi. The Reddy kings of Kondavidu in Guntur district are also said to have penetrated into this kingdom. On the death of Ganga king Banudeva-IV, his Minister usurped the throne and in 1434-35 founded the Gajapathi dynasty under the title Pratapa Kapilesvara with his capital at Cuttack. He started expanding his dominions until they extended from the river Ganges to the river Krishna. His whole reign was spent in warring with the Hindu kings of Vijayanagar who by then were powerful in the south and with the Muslim Bahmani dynasty of the Deccan. His son, Purushottama reigned from 1469 to 1497. His successor was Prataparudra. He is said to have had reverses at the hands of the Vijayanagar king, Krishna Devaraya. The latter seized Udayagiri in Nellore, Kondavidu and Kondapalli in Krishna, Rajahmundry and other fortresses and finally halted at Simhachalam. The Simhachalam temple still contains inscriptions recounting successes and relating how he and his queens presented the God with a necklace of 991 pearls and other costly gifts.

About the end of the 15th century the Bahmani kingdom split up into several smaller States such as Bijapur (1489 A.D.) Ahmednagar (1490), and Bidar (1498). In 1512 the kingdom of Golconda was founded by Sultan Kutub Shah, said to have been a native of Persia. He was so successful that at the end of a long reign he left a territory extending from the river Godavari to beyond the river Krishna and from the sea to a line drawn west of

Hyderabad about the 78th degree of east longitude. In 1520 Sultan Kutub Shah defeated the forces of the Hindu chiefs of the Telangana at Kondapalli and there is reason to suppose that Prataparudra was one of the chiefs who suffered discomfiture. In 1571 Ibrahim, the 4th monarch of the Kutub Shahi dynasty, taking advantage of the disturbed conditions of Odisha(Oriasa) made himself master of the Godavari and other districts as far north as Srikakulam. For about 180 years since then this tract which also included the Ichchapur area then known by the name of the 'Chicacole-Circar' was controlled more or less directly by the Muslim authority from Hyderabad.

The principal seat of Government was at Srikakulam where the Faujdar or deputy of the Subha resided, while a Sub-Governor or Naib resided at Ichchapur. The revenues of the country were collected by these two Muslim officers and remitted to the seat of Government at Hyderabad. In the year 1641 Abdullah Kutub Shah sent Sher Mohammed Khan from Hyderabad to Srikakulam to rule over the dependencies north of the Krishna river. Sher Mohammed Khan during his period built a fine mosque at Srikakulam. In 1687 the Kutub Shahi dynasty came to an end when Aurangazeb, the Moghul Emperor, marched down to reduce the south to obedience and had wiped out the kingdom of Golconda and brought the whole country under his direct control. He appointed to the charge of it an officer called the Subedar of the Deccan under whom were a number of local subordinates in control of the various smaller divisions of territory. The five northern circars of Guntur, Kondapalli, Eluru, Rajahmundry and Chicacole had Masulipatnam for their chief town, and the northern most of them, Chicacole continued to be ruled in the same manner as before by a Faujdar residing in that town.

Aurangazeb died in 1707 and his death was followed by great disorder in his southern possessions. In 1724, the Subedar of the Deccan though still continuing nominally subject to the authority of Delhi made himself virtually independent and began appointing his own officers. His first Faujdar of Srikakulam was Anwar-ud-din who afterwards became very famous in the wars of the Carnatic and subsequently came to be known as the Nawab of Carnatic and is the ancestor of the Prince of Arcot. His firm but kindly rule was gratefully remembered for many years afterwards.

This Subedar of the Deccan died in 1748 where upon the French and the English took opposite sides in the disputed succession which followed. Eventually a French protégé, Salabat Jung, secured the post of Subedar and Bussy, the French General, obtained from him in 1753 the four Northern Circars (excluding Guntur) for the support of his troops. Masulipatnam and the country adjacent had been already ceded to the French in 1750; and

Bussy sent M. Moracin, the French officer with instructions to take possession of the new acquisitions.

The Faujdar of Srikakulam, Jafar Ali, was extremely disinclined to give up his charge to the French and he persuaded Gajapati Viziarajam Raju, head of the Vijayanagar family and the most powerful of the local ruler-chieftains, who had come into being during the Muslim rule, to join him in opposing Moracin's entry. The latter, however, seduced Viziarajam Raju from this compact by promising to lease him the Rajahmundry and Srikakulam Circars at a rate much below their value. Finding himself deserted, Jafar Ali called in the help of the Maharattas of Nagpur, who crossed the hills, devastated the two Circars, plundered and burnt the Dutch factory at Bheemunipatnam, defeated Viziarajam Raju near Vijayanagar; fought an irregular action against the combined forces of that chief and M. Moracin at Tummapala near Anakapalle; and after few adventures returned home with immense booty. Having secured the loot the Maharattas troubled no further about Jafar Ali's aspiration, where upon that gentleman was obliged to submit.

In July, 1754 Bussy went in person to Masulipatnam and Rajahmundry, settled affairs in the Circars and appointed Ibrahim Khan as the Faujdar of Srikakulam. Soon afterwards however relations between him and the Subedar of the Deccan became strained at last an open rupture occurred, and for several weeks in the summer of 1756 Bussy was obliged to entrench himself against attack near Hyderabad. The authorities at Madras were only prevented from joining the Subedar against him by the necessity of sending every available man to Bengal. Further Bussy's officers in Circars including Ibrahim Khan disavowed his authority and refused to pay their tribute. Viziarajam Raju was the only man who stood by Bussy. He ordered his agents at Hyderabad to assure M. Bussy of his fidelity and the regular payment of his tributes.

Bussy was eventually relieved by reinforcements from Masulipatnam and was received back into the Subedar's favour; and at the end of 1756 he marched into the Circars to restore his fallen authority. Ibrahim Khan fled in terror at his approach. But Viziarajam Raju, confident in the proofs of attachment he had given, went to meet him with a body of troops, belonging to him and others of the local chiefs, which numbered 10,000 men. Taking advantage of the support of Bussy he persuaded the latter to attack his bitterest enemy, the chief of Bobbili. Bussy proposed to Bobbili that he should leave his fort and receive instead of other land of greater extent and value in another part of the province, but the suggestion was received as an insult. Soon afterwards one of Bussy's detachments was cut off in the woods

of Bobbili and in his anger the general determined to expel that chief and all his family.

"The province of Chicacole has few extensive plains, and its hills increase in frequency and magnitude, as they approach the vast range of mountains that bound this, and the province of Rajahmundry, to the north-west. The hills, and the narrower bottoms which separate them, are suffered to over-run with wood, as the best protection to the opener valleys allotted for cultivation. The Polygar (chieftain), besides his other towns and forts, has always one situated in the most difficult part of his country, which is intended as the last refuge for himself and all of his own blood. The singular construction of this fort is adequate to all the intentions of defence amongst a people unused to cannon, or other means of battery. Its outline is a regular square, which rarely exceeds 200 yards; a large round tower is raised at each of the angles, and a square projection in the middle of each of the side. The height of the wall is 22 feet, but of the rampart with in only 12, which is likewise its breadth at top, although it is laid much broader at bottom; the whole is of tempered clay, raised in distinct layers, of which each is left exposed to the sun, until thoroughly hardened, before the next is applied. The parapet rises 10 feet above the rampart, and is only three feet thick. It is indented five feet down from the top in interstices six inches wide, which are three or four feet as under. A foot above the bottom of these interstices and battlements, runs a line of round holes, another two feet lower, and a third within two feet of the rampart. These holes are, as usual, formed with pipes of baked clay; they serve for the employment of fire-arms, arrows, and lances; and the interstices for the freer use of all these arms, instead of loop-holes, which cannot be inserted or cut in the clay. The towers, and the square projections in the middle, have the same parapet as the rest of the wall; and in two of the projections, on opposite sides of the fort, are gateways, of which the entrance is not in the front, but on one side, from whence it continues through half the mass, and then turns by a right angle into the place; and, on any alarm, the whole passage is choked up with trees, and the outside surrounded to some distance with a thick bed of strong brambles. The rampart and parapet are covered by a shed of strong thatch, supported by posts; the eaves of this shed project over the battlements, but fall so near, that a man can scarcely squeeze his body between; this shed is shelter both to the rampart and guards against the sun and rain. An area of 500 yards, or more, in every direction round the fort, is preserved clear, of which the circumference joins the high wood, which is kept thick, three, four or five miles in breadth around this centre. Few of these forts permit more than one path through the wood. The entrance of the path from without is defended by a wall, exactly similar in construction and strength to one of the sides of the fort; having its round

towers at the ends, and the square projection with its gateway in the middle. From natural sagacity they never raise this redoubt on the edge of the wood; but at the bottom of a recess, cleared on purpose, and on each side of the recess, raise breast-works of earth or hedge, to gall the approach. The path admits only three men abreast, winds continually, is everywhere commanded by breast-works in the thicket, and has in its course several redoubts, similar to that of the entrance, and like that flanked by breast-works on each hand. Such were the defences of Bobbili; against which Mr. Bussy marched, with 750 Europeans, of whom 250 were horse, four field pieces and 11,000 peons and Sepoys, the army of Viziarama Raju, who commanded them in person.

Whilst the field-pieces plied the parapet of the first redoubt at the entrance of the wood, detachments entered into the side of the recess with fire and hatchet, and began to make a way, which tended to bring them in the rear of the redoubt; and the guard, as soon as convinced of their danger, abandoned their station, and joined those in the posts behind; the same operations, continued through the whole path, which was five miles in length, and with the same success, although not without loss. When in sight of the fort, Mr. Bussy divided his troops into four divisions, allotting one, with the field-piece, to the attack of each of the towers. Ranga Rao was here, with all his parentage, 250 men bearing arms, and nearly twice this number of women and children.

The attack commenced at daybreak, on the 24th January, 1757, with the field-pieces against the four towers; and the defenders, lest fire might catch the thatch of the rampart, had pulled it down. By nine O' clock, several of the battlements were broken, when all the leading parties of the four divisions advanced at the same time with scaling ladders; but, after much endeavour for an hour, not a man had been able to get over the parapet; and many had fallen wounded; other parties followed with as little success, until all were so fatigued, that a cessation was ordered, during which the field-pieces, having beaten down more of the parapet, gave the second attack more advantage; but the ardour of the defence increased with the danger. The garrison fought with the indignant ferocity of wild beasts defending their dens and families. Several of them stood, as in defiance, on the top of the battlements, and endeavoured to grapple with the first ascendants, hoping with them to twist the ladders down; and this failing, stabbed with their lances, but being wholly exposed themselves, were easily shot by aim from the rear of the escalade. The assailants admired, for no European had ever seen such excess of courage in the natives of Indostan, and continually offered quarter, which was always answered by the menace and intention of death not a man had gained the rampart at two O' clock in the afternoon,

when another cessation of the attack ensued; on which Ranga Rao assembled the principal men, told them that there were no hopes of maintaining the fort, and that it was immediately necessary to preserve their wives and children from the violation of Europeans, and the more ignominious authority of Viziarama Raju, A number called without distinction were allotted to the work; they proceeded, every man with a torch, his lance, and poignard, to the habitations in the middle of the fort to which they set fire indiscriminately, plying the flame with straw prepared with pitch and brims tone, and every man stabbed without remorse, the woman or child, whichsoever attempted to escape the flame and suffocation. Not the helpless infant, clinging to the bosom of its mother, saved the life of either from the hand of the husband and father. The utmost excesses whether of revenge or rage, were exceeded by the atrocious prejudices which dictated and performed this horrible sacrifice. The massacre being finished, those who accomplished it returned, like men agitated by the furies, to die themselves on the walls. Mr. Law, who commanded one of the divisions, observed, whilst looking at the conflagration, that the number of the defenders was considerably diminished, and advanced again to the attack. After several ladders had failed, a few grenadiers got over the parapet, and maintained their footing in the tower until more secured the possession. Ranga Rao hastening to the defence of the tower, was in this instant killed by a musket-ball. His fall increased, if possible, the desperation of his friends; who, crowding to revenge his death, left the other parts of ramparts bare; and the other divisions of the French troops, having advanced likewise to their respective attacks, numbers on all sides got over the parapet without opposition; nevertheless none of the defenders quitted the rampart, or would accept quarter; but each fell advancing against or struggling with, an antagonist; and even when fallen and in the last agony, would resign his poignard only to death. The slaughter of the conflict being completed, another much more dreadful, presented itself in the area below : the transport of victory lost all its joy : all gazed on one another with silent astonishment and remorse, and the fiercest could not refuse a tear to the deplorable destruction spread before them Whilst contemplating it, an old man, leading a boy, was perceived advancing from a distant recess : he was welcomed with much attention and respect, and conducted by the crowd to Mr. Law, to whom he presented the child with these words : "This is the son of Ranga Rao, whom I have preserved against his father's will". Another emotion now succeeded, and the preservation of this infant was felt by all as some alleviation to the horrible catastrophe, of which they had been the unfortunate authors. The tutor and the child were immediately sent to Mr. Bussy, who, having heard of the condition of the fort, would not go into it, but remained in his tent, where he received the sacred captives with the humanity of a guardian appointed by the strongest claims of nature, and

immediately commanded patents to be prepared, appointing the son lord of the territory which he had offered the father in exchange for the districts of Bobbili; and ordered them to be strictly guarded in the camp from the malevolence of enemies.

The ensuing night and the two succeeding days passed in the usual attentions, especially the care of the wounded, who were many; but in the middle of the third night, the camp was alarmed by tumult in the quarter of Viziarama Raju, Four of soldiers of Ranga Rao, on seeing him fall, concealed themselves in an unfrequented part of the fort until the night was far advanced, when they dropped down the walls and speaking the same language, passed unsuspected through the quarters of Viziarama Raju, and gained the neighbouring thickets; where they remained the two succeeding days, watching until the bustle of the camp had subsided; when two of them quitted their retreat, and having by their language again deceived those by whom they were questioned, got near the tent of Viziarama Raju; then creeping on the ground they passed under the back part, and entering the tent found him lying on his bed, alone and asleep. Viziarama Raju was extremely corpulent, in so much that he could scarcely raise himself from his seat without assistance; the two men, restraining their very breath, struck in the same instant with their poignards at his heart; the first groan brought in a sentinel, who fired, but missed; more immediately thronged in, but the murderers, headless of themselves, cried out, pointing to the body, "Look here! We are satisfied". They were instantly shot by the crowd, and mangled after they had fallen; but had stabbed Viziarama Raju in thirty two places. Had they failed, the other two remaining in the forest were bound by the same oath to perform the deed or perish in the attempt".

From Bobbili Bussy marched on into Ganjam receiving the submission of the various local chiefs and Zamindars as he went; sent a body of troops from Masulipatnam to capture the English factories at Injaram, Madapollam and Bandarulanka in the Godavari district and then turned back to attack Vizagapatam settlement in person. Bussy then proceeded southwards and eventually returned to Hyderabad. In July of the next year (1758) he proceeded south to help in the war in the Carnatic and the siege of Madras.

Viziarama Raju's successor Ananda Raju, dissatisfied with the arrangements made by Bussy on the death of his predecessor had waited for an opportunity to take his revenge. As soon as Bussy went down south, he captured Vizagapatam from the French garrison which was holding it, sent news of the event to Madras and invited the English there to join him in expelling the French from the Northern Circars. Since Madras authorities were fully occupied, at that time this offer was repeated to the English in Bengal. Clive sent Colonel Forde to Vizagapatam by sea with a force of 500

Europeans, 2,000 sepoy and 100 lascars which arrived on the 20th of October, 1758. The first step that Colonel Forde took, after joining the troops to those of Ananda Raju was to re-establish the factory of Vizagapatam where the French had left a small garrison. The united forces then moved south and on the 9th December near Condore, about 35 miles north-east of Rajahmundry, an action was fought with the French which ranks as one of the decisive battles of India in which the French were utterly routed. Forde then pushed on to Rajahmundry the next day without the Raja's rabble and shortly afterwards took Masulipatnam by a most brilliant assault. Salabat Jung, the Subedar of the Deccan, who had advanced within fifteen miles of the place to assist the French changed sides at once and on the 14th May, 1759 concluded a treaty with the English granting them the country around Masulipatam, renouncing all friendship with the French and prohibiting the latter from ever again settling in the Northern Circars. Except the tract then ceded to the Company, the rest of the Northern Circars fell once more with dramatic suddenness under the sway of the Subedar of the Deccan. His rule however, extended to it in name only. For the seven succeeding years the completest anarchy ever recorded in history, therefore, prevailed over the Northern Circars.

In 1765 Clive obtained from the Moghul Emperor at Delhi a Firman granting to the company the five Northern Circars. The Subedar, however was in no way pleased at this cession of territory which he regarded as his own and threatened to retaliate by an eruption into the Carnatic in November, 1766 a treaty was hastily concluded with him by the British, by which the English agreed to pay Rs. 9 lakhs annually for the territory that had already been granted to them as a free gift by the Moghul Emperor. Later however, this tribute was reduced and finally it was completely dropped.

After the withdrawal of all opposition by the Subedar of the Deccan the English Government at Madras at once took steps to secure Ganjam and the province of Ichchapur by passing a resolution in council on the 2nd December, 1766. The idea was not only to settle the tract but also for the purpose of investment and promotion of sale of European goods. Mr. Cotsford was appointed both as Engineer and Resident. He was instructed to make himself acquainted with investments at different factories to assist in finishing the fortifications at Vizagapatam, to report on the condition of the country especially with reference to the requirements of the stores; prospects of providing investments and disposing of any part of European commodities, etc.

Mr. Cotsford proceeded first to Vizagapatam and afterwards to Ganjam early in 1765. He found the country to the north of Vizagapatam in a very disturbed state. Narayana Deo, the Zamindar of Parlakimidi (now in Odisha

State), the largest and the most important Zamindar then in that area had possessed himself of the country and refused to submit to the authority of the English, intercepting communication between Bengal and Madras. Sitarama Raju of Vizianagaram also contributed to the worsening of the state of affairs. Mr. Cotsford, though with reservations, reported favourably upon the situation of Ganjam and the chances of making an investment there, but as it was evident that nothing could be done in the district without the presence of troops, he shortly returned to Madras.

In the following year 1768, the English determined to reduce Narayana Deo of Parlakimidi to obedience. Colonel Peach of the Bengal battalion stationed at Masulipatam was ordered to proceed against him. Mr. Cotsford was also instructed to accompany Mr. Peach and to take up his appointment at Ganjam as Resident. Mr. Cotsford arrived in April, 1768. The force under Colonel Peach soon afterwards defeated Narayana Deo in May, 1768 and compelled him to take refuge in the forest country. On the advice of Mr. Cotsford the defeated Raja's son was declared as his successor. However, the actual management of the parlakimidi country was entrusted to a person nominated by the Company. Colonel Peach's battalion continued in the Parlakimidi Zamindari until the country to the south had been partially settled and Mr. Cotsford meanwhile proceeded northward to Ganjam and entered upon his duties of appointment as Resident in July, 1768.

The Chicacole Circar, as administered by the Muslims, had been divided and managed in three divisions, under the names of Ichchapur, Chicacole and Kasimkota. Under the reorganised set up Chicacole and Kasimkota being nearer to Vizagapatam were placed under the control of the Chief and Council at that place but the Ichchapur province on account of its extreme northern location rendered the presence of a Resident at Ganjam absolutely necessary to administer its affairs.

Upon Mr. Cotsford's first assuming possession of the country, his position was somewhat precarious, for to the north at Cuttack there was a large force of Maharattas, whilst in the province itself there were 19 Zamindars, all of a more or less turbulent character. His authority in the district was, therefore, liable to danger at the least appearance of any external troubles. The Zamindars, being semi-independent entertained considerable bodies of feudal retainers, and in all could muster amongst them, no less than 32,170 foot soldiers, while they had possession of 34 forts for the protection of their respective territories. It was therefore, the Resident's chief care to provoke as little opposition in his management of the country and by gradually destroying the country forts he hoped to reduce the Zamindars to obedience. To assist the Resident in governing the country and collecting its revenues an aggregate force of about 2,000 men commanded by Captain Bandinell

was located in different parts of the country but chiefly at Ichchapur, Ganjam and Aska.

The various Zamindars continued to give trouble to the Resident in the payment of tribute and at the slightest provocation they would stop payment. It was only by a show of force that the tributes could be extracted from them. Among the more troublesome were the Raja of Vijayanagar, the Rajas of Goomsur, Atagada and Mohiri. In some cases the Resident had to send forces to take possession of the standing crops upon their failing to settle satisfactorily their tribute. The Agent also felt that he could not deprive the Zamindars of their respective territories and place others in their stead as it would become very difficult to find anyone to accept such a place and who could maintain himself in authority without the assistance of a considerable detachment from the English: the Company at the same time running the risk of promoting a man equally unworthy as the one removed.

The Bengal detachment under Colonel Peach was to leave the country in December, 1768. As there were no other troops, Mr. Cotsford began to enlist a company of peons. He also proceeded to store the fort at Ganjam with provisions as news kept coming from Madras that the Northern Circars were likely to be invaded by the Nizam and the Maharattas. The Resident also thought it advisable to purchase a vessel and keep it in readiness at Ganjam in case matters came to the worst. Although all measures for the security of the country had been taken with as much caution as possible the news of an expected invasion soon leaked out and the Zamindars at once made a dead stop in their payment to the Company. Upon the appearance of an English force the Goomsur Raja retired to the hills and thinking it more prudent not to offer any further resistance he shortly afterwards gave immediate security for the payment of his tribute and prevailed on the detachment to retire from the fort into the camp.

Colonel Peach's Bengal detachment quitted the Parlakimidi Zamindari about the 12th December, 1768 and marched southwards to Vizagapatam. They had hardly left the place before the disturbances commenced. Narayana Deo, the rebel Zamindar immediately began intriguing with the Maharattas in Cuttack inviting them to attack the British and also promising co-operation of Sitarama Raju, the Nizam's former Faujdar and also of the Rajah of Vijayanagar. The British Resident in Cuttack, however, informed Mr. Cotsford that the Maharattas were in no mood to undertake any invasion on account of dissensions among themselves. Mr. Cotsford meanwhile suggested to the Madras Council the expediency of appointing a Resident or Chief at Chicacole supported by five companies of Sepoys for the management of the affairs of Kasimkota and Chicacole. It was not until 1787 that Mr. Cotsford's recommendations appear to have been acted upon.

The Resident's hands had been so fully occupied in coercing the refractory Zamindars of the district that the Company's commercial operations were almost forgotten. In 1771 Mr. Cotsford wrote stating that on mature consideration he thought that the Company would be running a risk in making contracts as for the most part the merchants live under the Governments of the Zamindars and that they are very insolent and cannot be depended upon. Mr. Cotsford continued to have difficulties with the Estates of Parlakimidi, Vijayanagar and a few other major Zamindaris. Some of their forts had therefore, to be occupied and destroyed resulting in heavy casualties on either side.

At the end of 1773 Mr. Cotsford resigned his appointment as Resident on the plea of his failing health and the Government of fort St. George expressed their appreciation of his able and vigorous administration of the country.

Upon the retirement of Mr. Cotsford it was determined to alter the form of management and therefore, Mr. Charles Smith was appointed as the Chief at Ganjam with a Council to assist him in the administration of his affairs. Disturbances broke out again in 1774, 1775 and 1776 on account of certain Zamindars withholding payments of tribute. Murders and disturbances together with the usual attendant consequences of military expeditions and assignments of villages to the Company appear to have been constant throughout the period of Mr. Smith's tenure of office as Chief. The Company's troops were constantly employed either in demanding the tributes of the Zamindars who but rarely paid without either compulsion or threats or in quelling disturbances and calling the murderers of the Company's Tahsildars to account. When a Zamindar was refractory the troops were quartered upon him and he was made to pay for their keep.

On the 25th September, 1779, the Ichchapur district was rented to Balakrishna Naidu, formerly the Company's dubash for a period of 10 years and the Zamindars instead of paying tributes to the Residents or Chief in Council were ordered to pay the tribute through the renter into the Company's treasury. Balakrishna soon found himself quite unable to cope with the difficulties of his position although assisted by the Company's troops, and upon falling irretrievably in arrears with all his payments, and giving great dissatisfaction to all the district Zamindars, his own cowle was finally revoked in October 1781 by an order from the Court of Directors.

On the 3rd October, 1780 a serious mutiny occurred among the Sepoys at Vizagapatam. The settlement at Ganjam was startled by this news. All the English Officers were killed and the Governor of Vizag had been taken prisoner. The ostensible reason for this conduct appears to have been that

they were under orders to sail from Vizag to Madras where their services were needed to meet the invasion of Carnatic by Hyder Ali of Mysore. The Zamindar of Parlakimidi, then under surveillance at Vizag was strongly suspected of having engineered this outrage. The Resident at Ganjam upon receiving this information directed Captain Bruce at Aska to march to Chicacole, take the command of the troops there, and proceed against the mutineers, who had placed themselves under Captain Brule, a French prisoner for treasonable correspondence, whom they had released. Subsequently, on hearing that no help was necessary from Chicacole Captain Bruce was directed to report back to Aska.

In 1781, the Circars were within an ace of being ceded back again to Hyderabad in return for a body of horse to be placed at the disposal of the Governor General. Lord Macartney, who had just arrived as Governor of Madras protested, however, with such force against the proposal that it was abandoned.

On the 19th May, 1782 the office of the Resident was abolished. The Council was increased to five members. In 1783 quarrels took place in the settlement at Ganjam which continued almost without intermission until 1786. They appear to have originated at the Council Board out of jealousy of the Chief Mr. John Maxwell Stone, on account of his retaining the immediate management of Haveli lands in his own hands, and the other members of the Council complained that the whole power of the settlement was absorbed by Chengulroy, the Chief's dubash or manager. The quarrels of the Council Board at length became so notorious as to call for the interference of the Government. Mr. Henry Crawford was deputed to Ganjam in 1784 to investigate the complaints and counter complaints made by the different Members. Upon receiving his report on the subject, the Government came to the conclusion, that "the disputes originated from private pique to the chief". They reduced the number of members of Council from 5 to 3.

In 1787 a Circuit Committee arrived and commenced to investigate the revenue resources of the district. Their report dated 25th April, 1788 forms the chief data upon which the permanent settlement was afterwards effected. Mr. Morgan Williams, the Chief in Council in a report dated 31st December, 1787 describes the revenue of Ichchapur district as on the increase and estimates its population at 465,755 persons. The total revenue of the country excluding the whole of the Chicacole Sub-Division was given as 6,35,252 rupees. The trade of the district was described, however, as being on the decline.

On the 17th November, 1790, Mr. H. Crawford who had been previously Collector of the Chicacole Division was appointed as Resident and the Council was abolished. Troubles were meanwhile ripe in the district and a very severe famine was also about to add its horrors to the existing disturbances. The various Zamindars gave any amount of trouble in the form of petty rebellions and also inter-Zamindari skirmishes. It was, therefore, no wonder that with all the troubles of famine and rebellion prevailing from one end of the district to the other Mr. H. Crawford, the resident announced to the Government that he was unable to reduce the refractory Zamindars until the situation of affairs in the Carnatic will admit of an addition to his military strength.

As a famine relief measure on the 7th November, 1789 Mr. Crawford issued a proclamation suspending all import and transport duties on grain and other edibles in the Company's Haveli lands. In the Ichchapur and Chicacole divisions people died in thousands. Government seem to have done their best to mitigate the horrors of famine but were powerless to control the evil in an effective manner. In the Chicacole Division Mr. Keating, the Collector, calculated that an average of 3,000 poor people had daily subsisted on the Company's bounty for a period of two years. The importation of paddy for the relief of the poor was ordered by the Board of Revenue and it was found from the Chicacole records that in June, 1792, rice to the extent of 10,519 bags were dispatched from Kalingapatnam to Ganjam. Large quantities of rice also appear to have been imported from Cuttack via Chilka lake.

The country was plunged in a state of misery and desolation truly deplorable. Whole tracts were depopulated and people were not forthcoming to cultivate the land. Authentic records about the number of people who died etc., and the number of people relieved are not available. Mr. Warricker, Assistant Collector, wrote on the 15th January, 1792 to Mr. Keating, the Collector at Chicacole as follows "I was an eye-witness of the melancholy effects of famine. About six persons were gathered around a fire and were feeding upon the carcass of a dog killed on suspicion of its being mad". The duration of the famine was increased by the failure of the dry crops in 1792, and the floods that occurred in that year did further damage. The famine

seems to have been at its worst about Chicacole, and the Zamindaris of Jalantra, Mandasa and around the fort of Mahendragiri.

In 1794 the office of Resident and Chief at all the settlements along the coast was abolished and the office of the Collector was established.

By the permanent settlement of 1802 all these ancient Zamindaris were handed over to their owners in perpetuity on a fixed peshkush and a number of other proprietary estates were also called into being by parcelling out the Haveli land into a series of properties and selling these by auction subject to the payment of a permanent peshkush.

Politically this settlement was a failure. These men had for years been treated as feudatories rather than as private landholders; and the functions of the Government had been in part conducted through them; some of them having been entrusted with the responsibility of keeping the hill tribes in order. But under the new arrangement they were unceremoniously set aside; authority over the hillmen was taken away from them; their estates were declared liable to immediate attachment and sale for the default in paying a single instalment of the peshkush; they were irritated by the working of the new revenue and judicial regulations; and the new police force no longer under their control took every opportunity under cover of a pretence of enforcing law and order, of harassing and annoying them.

Owing to all these causes the Zamindars for many years after the introduction of a permanent settlement, were in a chronic state of discontent and disaffection. Too often internal and domestic troubles accentuated their restlessness.

At first, troops were called out and an attempt was made to chastise these disturbers of the public peace. But these expeditions were by no means uniformly successful and cost much in blood and treasure. Recourse was then had to negotiation, the only result of which was to increase the insolence of the malcontents. Around 1832 disturbances became so serious that Mr. George Russell, First Member of the Board of Revenue was sent as Special Commissioner to investigate their causes and concert measures for their suppression.

He was invested with the extraordinary powers, including that of proclaiming martial law if necessary and was supported by a strong force of troops. He took severe action and most of the disturbances were controlled and some of the Estates were forfeited. To check further disturbances of the same kind Act XXIV of 1839 was passed and parts of the district were removed from the operation of much of the ordinary law and were administered directly by the Collector with extraordinary powers conferred

upon him in the capacity of the Agent to the Governor. Subsequently a few of the Zamindaris in the south were from time to time bought in by Government at sales for arrears of revenue and formed into taluks for the purpose of direct administration. Slowly, peace dawned over this disturbed land and law and order prevailed as was the case with the rest of the tract comprising the erstwhile Madras Presidency.

It is now necessary to turn to the history of the Chicacole division between 1767 and 1802, in which year it was incorporated in the Ganjam district. Previous to this date, it had formed the 3rd division of the Vizagapatam district, and included Kasimkota, attached to Vizagapatam. The limits of the 3rd division extended from Chinna Pantulu Daba, 20 miles south of Chicacole, to Kasibugga, 50 miles north of it. Upon the acquisition of the Northern Circars, the district was rented out to Sitaram Raju the brother of Viziam Raju, Rajah of Vizianagaram, for a period of 10 years until 1777. In 1777, the rent of the country to Sitaram Raju appears to have been renewed for a further period of ten years, which expired in 1787. Sitaram Raju's management of the country was most oppressive, and seems to have been highly detrimental to the Company's interests. The country was rack-rented in a wholesale manner, and the renters took what share of the produce they pleased, leaving the remainder to the ryot. Sitaram Raju dispossessed the Brahmins of their charity lands or Agraharams and in recompense, bestowed upon them Haveli villages. The manufacturers and artisans of the country emigrated in large numbers and went to other places where they were less oppressed. At the expiration of Sitaram Raju's lease, Mr. Henry Crawford was appointed in 1787 the first Collector of the Chicacole Division subject to the authority of the Chief and Council at Vizagapatam. Mr. Crawford estimated the probable revenue of the country at four lakhs, including the two large Zamindaris of Parlakimidi and Tekkali. The alienations made by Sitaram Raju had been considerable, so that all lands not uninterruptedly enjoyed for twenty years were ordered to be resume. As in Ganjam, so in Chicacole, the land customs were numerous and burdensome preventing the produce of the country being sent from those parts where it was plentiful to others where it was scarce.

Mr. Cherry was the last Collector to succeed to the management of the Chicacole division in 1800, and in 1802 when Chicacole was incorporated with Ganjam, Mr. Cherry became the first Collector.

With regard to the revenues of the Chicacole Division they never seem to have exceeded even considerably Mr. Crawford's first estimate of 4 lakhs. The Jama or rent paid by Gajapati Narayana Deo for Parlakimedi was Rs. 86,000, whilst for Tekkali, the last Zamindar, Ram Kistna Jagga Deo, had paid Rs. 24,472 yearly. The average gross collections of the Chicacole Haveli

lands from Fasli 1202 to 1206 (1792-1796) were Rs. 2,94,760 making a grand total of Rs. 4,05,232.

Mr. Peter Cherry, who succeeded Mr. Brown in 1802 was the first Collector of Ganjam. In 1803 the Ganjam district comprised all the territory north of the Langulya river near Srikakulam and extended from Mofusbandar on the sea coast in the south to Priagi on the Chilka lake in the north. It included four distinct Havelis and 21 Zamindaris including the large and important one of Parlakimedi. Mr. Cherry's management of the country was vigorous and praiseworthy. He not only introduced the permanent settlement but also established Courts of Judicature. He sold the Haveli or the Government lands and constituted them into proprietary Estates.

During 1816 this district was invaded by the Pindaries. The latter were an off-shoot of the Maharatta armies who had taken to robbing and plundering the country when their Chiefs could no longer afford to pay them. Their strength seems to have been between 4,000 and 5,000 men and they were well mounted. They entered the district through the Jeypore area and proceeded northwards burning and plundering as they went. The Ichchapur and Mansurkota valleys suffered most from their ravages, and as they spread over the country in small detached bodies it was difficult to account for their movements. The troops at Berhampore prevented their molesting this town and near Boirani a body of Pindaries, 1,000 strong, were surprised by Lieutenant Borthwick and a small force, and completely routed them. The Pindaries finally left the region.

In 1816 the Collector was invested with magisterial powers and a separate office of Magistrate was abolished.

There had been bad years in 1837-1838, but in 1839 the season was so disastrous that the inhabitants were put to the greatest distress, and many of them migrated, whilst cholera and other diseases carried off multitudes of those who remained. To add to this calamity, the drought that prevailed in the district after September was so severe that several coconut plantations also withered and died from its effects. The Government of that day tried its best to relieve those severely affected by this famine.

The next great famine occurred in 1865. Between 1865 and 1866, a famine of the most unparalleled severity desolated the country and slew between 10,000 and 15,000 people by actual starvation. The number of deaths reported was 10,898 but there is no doubt that the total loss of life by starvation was greatly in excess of the return as many hundreds must have perished of whom, no account was kept.

Administrative set-up

a) Region of the State where the district is located:

Srikakulam district was carved out in 1950 bifurcating it from Visakhapatnam. In the process, the northern part of old Visakhapatnam district was included in Srikakulam district with Headquarters at Srikakulam. Srikakulam district is bounded on the North by Rayagada & Gajapati districts of Odisha State, West by Vizianagaram district while South & East by Bay of Bengal.

b) Number of Revenue Divisions and Mandals:

In November 1969, the district lost 63 villages from salur taluk and 44 villages from Bobbili taluk on account of their transfer to their newly constituted Gajapathinagaram taluk. Again in May, 1979, the district had undergone Major territorial changes on account of formation of the new district Vizianagaram which involved transfer of Salur, Bobbili, Parvathipuram and Cheepurupalle taluks from Srikakulam district while retaining the remaining 14 taluks.

In 1985, these 14 taluks were reorganized into 37 Mandals. Corresponding to the Revenue Mandals, Mandal Parishads were also formed which were co-terminous with the Revenue Mandals in all cases except that the Statutory Towns were not included in the jurisdiction of the Mandal Parishads. The carving of 37 Mandals is as follows.

- 1) 14 Mandals have been formed by taking villages from 2 erstwhile taluks.
- 2) 5 Mandals have been formed by taking villages from 3 erstwhile taluks.
- 3) 1 Mandal has been formed by taking villages from 4 erstwhile taluks and
- 4) 17 Mandals have been formed by taking villages exclusively from each of the 9 taluks (i.e, without including villages from a second taluk)

During 2001 census one new Mandal namely **Laxminarsupeta** was formed, thereby Srikakulam has 38 Mandals which are organized into 3 Revenue Divisions as follows:

1) Tekkali division: (12 Mandals) Palasa, Mandasa, Kanchili, Ichchapuram, Kaviti, Sompeta, Vajrapukothuru, Nandigam, Tekkali, Santhabommali, Kotabommali and Jalumur.

2) Palakonda division: (13 Mandals) Veeraghattam, Seethampeta, Bhamini, Kothuru, Pathapatnam, Melaiputtu, Hiramandalam, Palakonda, Vangara, Regidi Amadalavalasa, Saravakota, Santhakaviti and Rajam.

3) Srikakulam division: (13Mandals) Lakshminarsapeta, Sarubujili, Burja, Ganguvarisigadan, Amadalavalasa, Narasannapeta, Polaki, Gara, Srikakulam, Ponduru, Laveru, Ranasthalam and Etcherla.

c) Total number of Towns and Villages:

During 2001 census one new Mandal namely Laxminarsupeta was formed with head quarters at Laxminarsupeta by transferring 48 villages from Sarubujjili Mandal vide G.O.MS NO.1027, dated 22.12.1998. In the said GO certain re-adjustment of villages has also taken place among the Mandals of the district. They were transfer of 2 villages from Burja Mandal to Sarubujjili Mandal and one village together with its hamlets from Burja Mandal to Amadalavalasa Mandal. Earlier one village from polaki Mandal was transferred to Narasannapeta Mandal vide G.O MS NO.831; dated 19.9.1991.

There were 1831 villages during 1991 Census of which 1728 were inhabited and 103 were un-inhabited. In addition 40 villages fully and 7 villages partly included in Towns. Similarly there were 11 Towns (3 Statutory, 8 Census Towns).

d) Changes in Administrative Units during 2011 Census:

During 2011 Census, 6 villages namely; Hiramandalam, Palakonda, Tekkali, Narasannapeta, Balaga and ponduru are upgraded as 6 New Census Towns while Arasavilli which was partly included in Srikakulam (UA) is now fully included in the same UA. 5 villages namely Saradhi, Kondampeta, Kothavalasa, Gopalapuram and ponugutivalasa have been included in Rajam Nagar Panchayat. Rajam (NP) was earlier census town. The village ponugutivalasa earlier belonged to Santhakaviti Mandal.

However, there are 1,802 villages in 2011 Census of which (101 Uninhabited and 1,701 habited), 38 Mandals (Rural), 3 Revenue divisions, 12 towns (5 statutory [4 Municipalities and 1 Nagarpanchayat] and 7 census towns) and 1 urban Agglomeration. Six villages are upgraded as new CTs. One Village is classified as fully Out-growth i.e. Arsavilli (R). Five Villages are included in Rajam N.P which was a C.T in 2001 Census.

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite of several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 along with a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their states/Uts. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of

population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFOA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.
